# SIMPLE, FLEXIBLE SITE BUILDER

 COREcms site builder gives enterprise companies the flexibility to create and manage pages without relying on development resources. Supporting multiple brands with an intuitive interface, it empowers users to build modern, responsive experiences quickly and consistently – all within a framework designed for enterprise scale.

- **Component-Based Design**

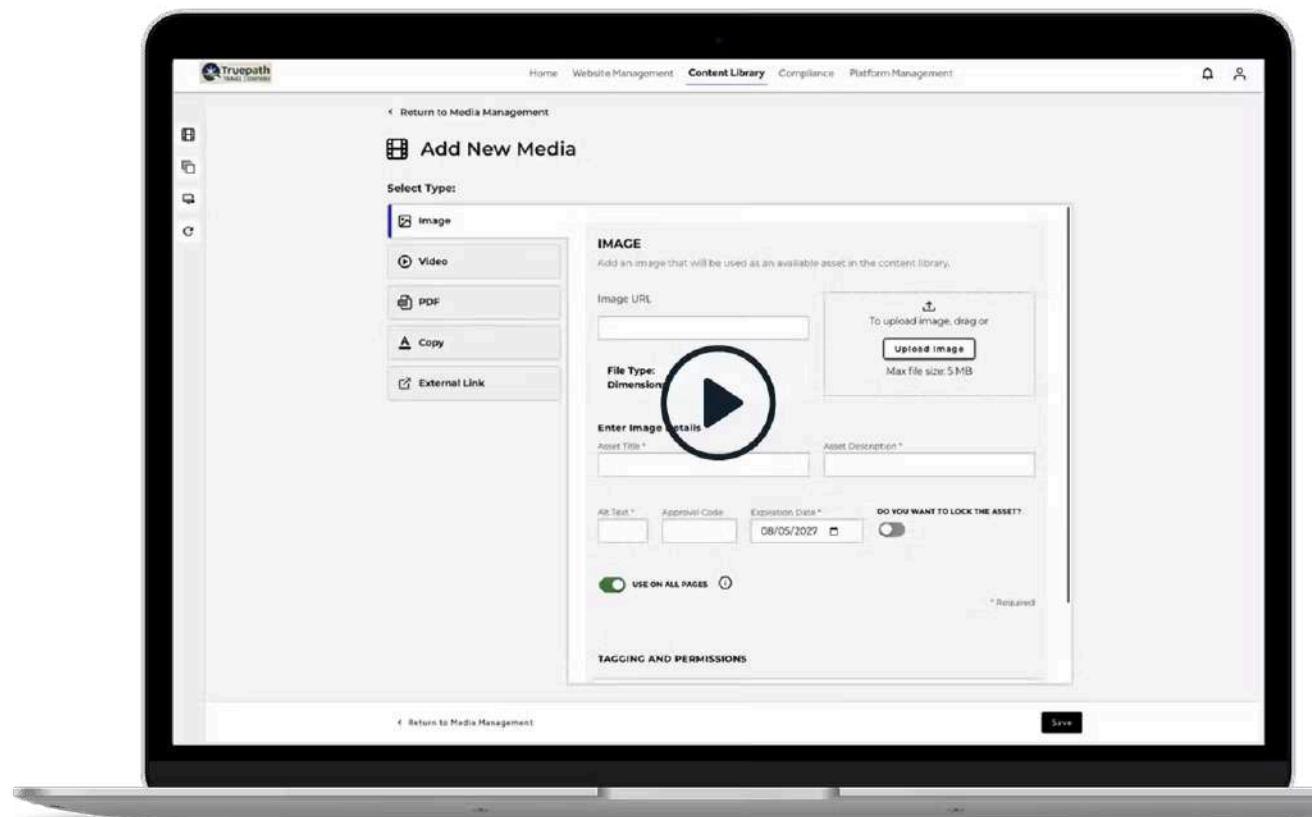

Build flexible, scalable layouts with reusable components.

- **Seamless File Uploads**

Quickly add images, videos, and assets directly into your pages.

- **Responsive Layouts**

Design once and optimize automatically for both mobile and desktop.

The Content Library contains assets you can use on your website featuring Approved Media content. My Uploads are your images, videos, and PDFs. Click the Upload New Media button to add content to My Uploads.

# CENTRALIZE, GLOBAL CONTENT LIBRARY

COREcms global content library centralizes assets, making it easy for enterprise teams to find, reuse, and manage content across brands, regions, and channels. It streamlines collaboration, reduces duplication, and keeps every message on-brand.

- Centralized Access**

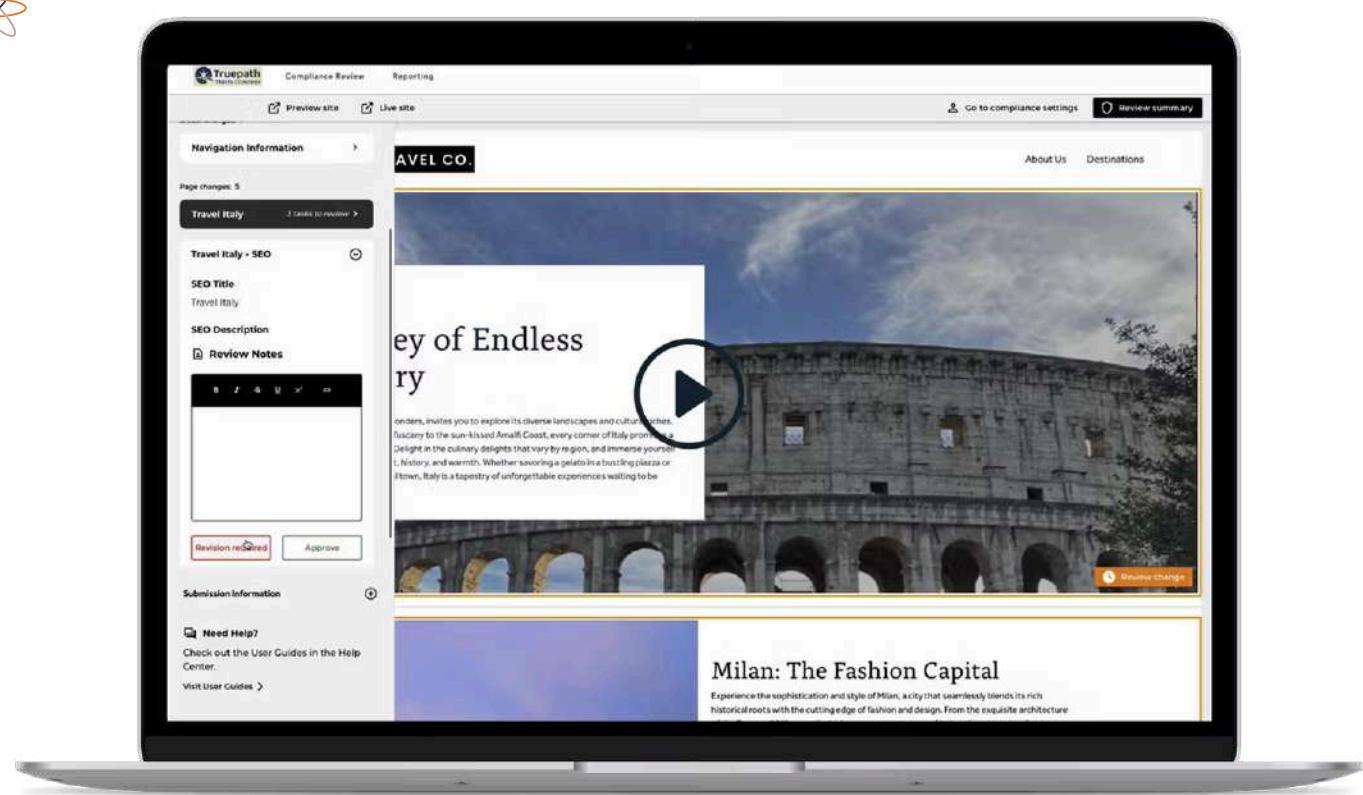

Store and organize assets in one place for easy reuse.

- Seamless Collaboration**

Share content across teams and regions without duplication.

- Always On-Brand**

Ensure every campaign, page, and asset reflects approved brand standards.

## BUILT-IN SAFEGUARDS COMPLIANCE

COREcms built-in compliance workflows give home office teams full visibility and control before content goes live. With centralized review and approval, enterprises can safeguard brand integrity, meet regulatory standards, and reduce costly errors.

 **Centralized Review**

Home offices can review and approve updates before publishing.

- **Regulatory Safeguards**

Ensure every page meets compliance and industry standards.

- **Error Prevention**

Catch issues early to avoid rework, inconsistencies, or brand risk.

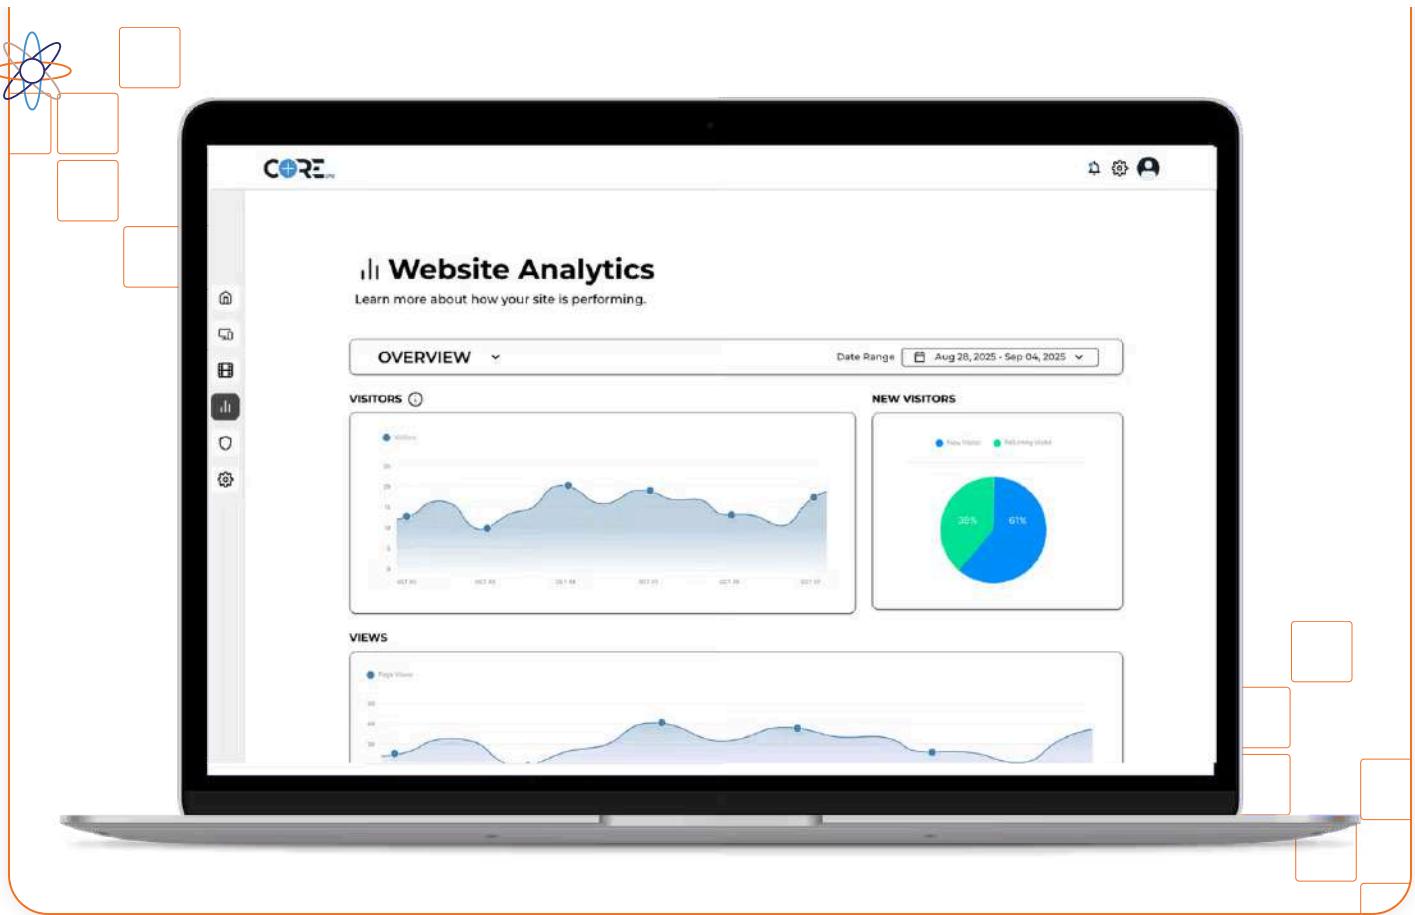

## ENTERPRISE INTELLIGENCE DATA, AI, AND AUTOMATION BUILT-IN

From analytics and integrations to AI assistance, COREcms delivers the intelligent tools enterprises need to connect data, streamline workflows, and drive smarter growth.

### SITE ANALYTICS

Built directly into the CMS, Site Analytics gives teams timely visibility into website performance, user behavior, and engagement so you can make smarter content and design decisions without leaving the platform.

---

## SEE THE DIFFERENCE **BEFORE VS AFTER**

Discover how COREcms transforms the way enterprises manage digital experiences. Compare a traditional site weighted down by inflexibility and complexity with one powered by COREcms – streamlined, compliant, and built to scale with your business.

## BEFORE COREcms

- Disjointed tools created inefficiencies across teams
- Inconsistent branding weakened customer trust
- Slow site launches made it hard to keep pace with enterprise demands
- Every update carried risk of costly errors
- Lengthy approval cycles delayed go-lives
- Brand experiences felt fragmented across regions and markets

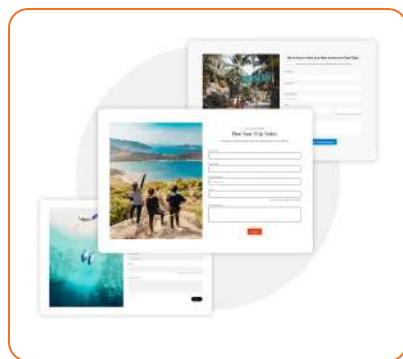

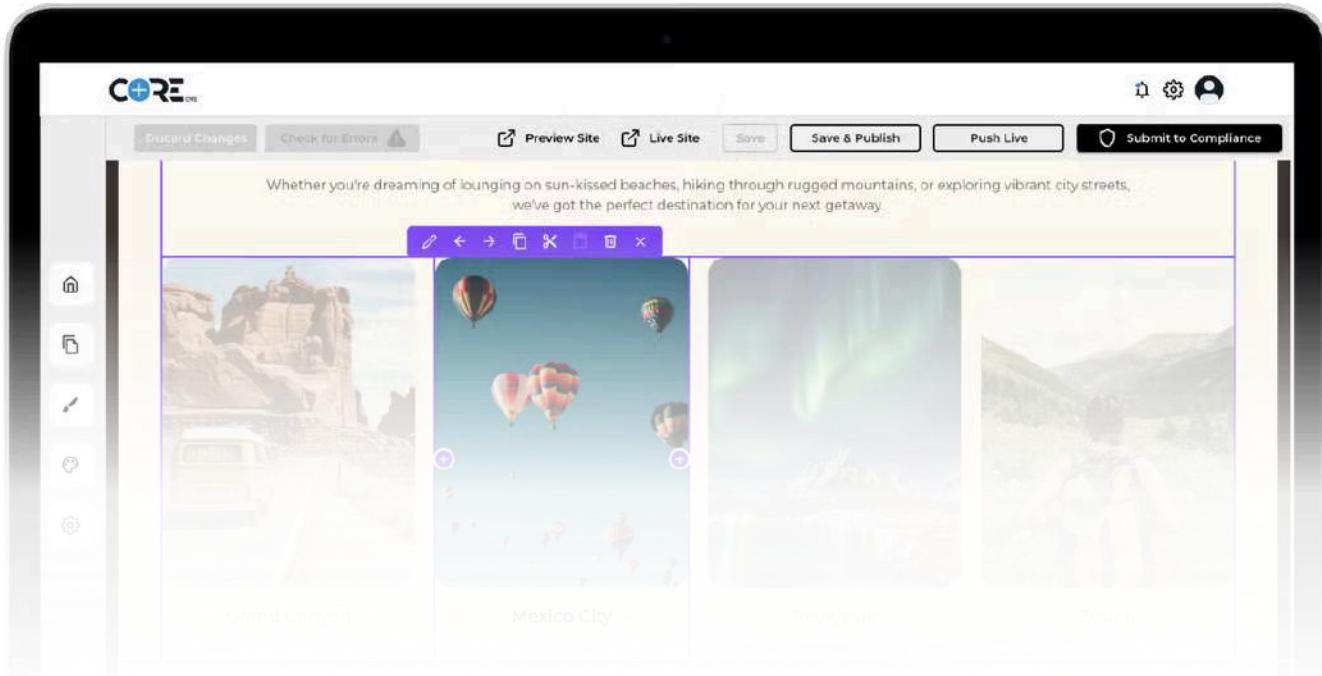

## AFTER COREcms

- Unified platform streamlines workflows across teams
- Built-in brand systems ensure consistency and trust
- Faster site launches keep pace with enterprise needs
- Structured compliance reduces costly errors
- Smarter review workflows shorten approval cycles
- Every touchpoint delivers a polished, enterprise-ready standard

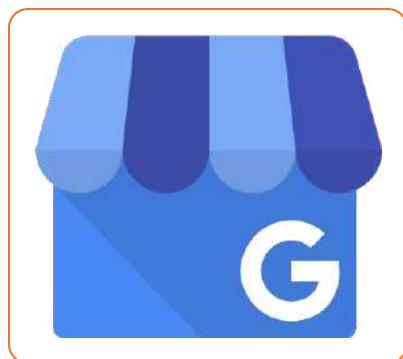

TURN INTEREST INTO ACTION  
**LEAD GENERATION & CONVERSION  
DRIVERS**

 CORE equips enterprises with built-in tools to capture leads and accelerate conversions. From integrated forms and SEO optimization to Google My Business and Calendly connections, every feature is designed to increase visibility, streamline engagement, and drive measurable growth.

## INTEGRATED LEAD FORMS

Capture and route inquiries directly to your sales team without extra setup.

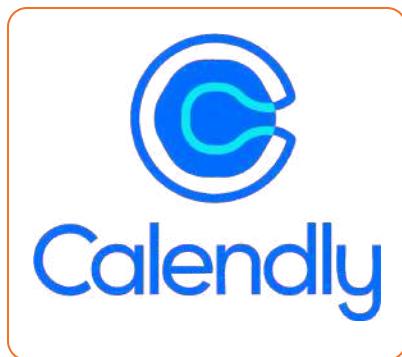

## GOOGLE MY BUSINESS

Sync locations and business details to boost visibility in local search.

## SEO-OPTIMIZED

Built-in tools help your pages rank higher and reach the right audience.

## CALENDLY INTEGRATION

Make it easy for prospects to book time on the spot, streamlining your sales cycle.
